

**ESTES PARK**  
HEALTH

## **Respiratory Therapy**

Patients can complete critical pulmonary function test, such as the Six-Minute Walk Test or Oxygen Titration, right here in Estes Park. Our Respiratory Therapy Clinic also offers Nocturnal Pulse Oximetry to help identify breathing disorders during sleep—one of few such clinics at altitude in the country.

Call the Outpatient Respiratory Therapy at 970-235-3021 for more information.
